Conference Panel Prep, Place Based Arts Funding

Prep for the leadership conference in Chicago, October 21 to 23. I am on the place based arts funding panel. Twelve minutes of remarks, then discussion.

Lead with

- The story of a neighborhood that got its arts home back
- Place based funding as trust in local people, not a grand system

Three points

- Fund the building and the bus, not just the program
- Multi year commitments let directors plan past the next crisis
- Measure what families feel, not only what funders count

Close on our kids, always. Keep it warm, keep it specific, no corporate tone.
